Arrest for Murder, Home Invasion and Attempt Robbery with Firearm

Presented to 010th District Police Officers:

Oscar Lopez	Star #6256
Andrew Ohlson	Star #8394

Narrative: On 16 December 2015 Ogden (010th) District Officers were assigned a call of a person with a gun. Upon arrival, Beat 1011R Officers Oscar Lopez #6256 and Andrew Ohlson #8394 heard yelling from the rear and observed a man holding a gun. The officers ordered the man to drop the weapon and learned he was the victim of a home invasion in which two offenders kicked in the victim's rear door and entered while armed with a gun. A physical altercation ensued, at which time the weapon discharged and the victim followed the offenders in pursuit. The officers were able to locate both offenders, place them into custody, and summon immediate medical attention for their injuries, which were sustained during the commission of the offense. Additionally, officers recovered the firearm from the scene. Subsequent to the incident, one of the offenders expired from his injuries. The co-offender, a 35-year-old convicted felon, was charged with Murder, Home Invasion with a Firearm, and Attempt Robbery – Armed with a Firearm. The skillful tactical response and keen attention to duty that these officers exhibited in this investigation demonstrates the professionalism and excellence of the Chicago Police Department. As a result of the quick, concerted efforts of the officers, a dangerous offender was removed from the streets and made to be accountable for his violent actions. The Superintendent's Honorable Mention is presented in recognition of this truly exemplary police work.

DEPUTY CHIEF OF AREA CENTRAL KEVIN RYAN (to the podium)

Deputy Chief Ryan summarized crime in Area Central during the time frame analyzed. Busiest districts were discussed, along with busiest days of the week and busiest times of the day. Deployments from the Area were discussed, and the major gang conflicts. Many are narcotics conflicts, driven from Social Media. Commander Kennedy from Gang Intelligence is in close communication with Commander Ryan, keeping track of the Social Media discussions about conflicts and retaliations.

Deputy Chief McNaughton: Kevin, how are you breaking down percentage wise on the deployments?

Commander Ryan: 46% to 009, 14% to 003, 12% to 002, and 10% to 008. We have been very busy with the protests. Ten substantial protests were held during the last two weeks, which consumed a lot of our resources.

Chief Tracy: When did you start shifting to later in the morning?

Commander Ryan: Last week. The Latin King area around 51st Street is busy; we are keeping teams out until 4 a.m. but we will be moving later into the afternoon to track the gang activity now. I also keep a gang team in the west end of the district.

Chief Tracy: How do you coordinate with Commander Godsel?

Commander Ryan explained how they change deployment locations and hours, and coordinate among various districts based upon the shootings. Also, we had to compress some teams to maintain appropriate levels of supervision.

Interim Superintendent Escalante: How are you coordinating with Area South?

Commander Ryan: I send Deputy Chief Waller my deployments and he shares his. My gang teams have been told they can go all the way to 59th Street. We see his teams along Garfield Blvd as well. There is good communication and coordination.

Deputy Chief McNaughton: Let's look at AIRA for Recovery (Slide 239) You are doing ok, but Commander from 004, talk with your Review people on that.

001ST DISTRICT COMMANDER KLICH (from your chair)

Deputy Chief McNaughton: Commander, tell us about your spike in robberies. What is causing that?

Commander Klich: My Tact Teams are out on the protests quite frequently and that has diminished my strength. Commander Klich then talked about particular robberies, and their progress in solving them. We got one in custody from the Congress Hotel robbery, and he gave up another offender. We are looking to see if they are responsible for others.

010TH EXECUTIVE OFFICER CAPTAIN CHAMBERS (from your chair)

Deputy Chief McNaughton: Tell us about your robbery problem.

Captain Chambers summarized the robbery problem in 010, with busiest days of the week and times of day, and busiest locations.

Deputy Chief McNaughton: Captain Chambers, make sure you pick up the Custom Notifications.

018TH DISTRICT COMMANDER GEORGE DEVEREUX (from your chair)

Deputy Chief McNaughton: Tell us about your robberies.

Commander Devereux: In 018, it is similar to 001. Many of our Tact Officers are down on the protests. We do have an Armed Robbery Pattern at 0900 – 0930 hours, and I have Tact Officers dedicated to that. A lot of our robberies are snatch and grab cell phones out of people's hands. There is a vehicle identified, and we have passed down the description to all personnel to keep their eyes open.

Deputy Chief McNaughton: Take a look at Traffic Citations as a tool to use; many of the robbers will not keep up with their license requirements.

009TH DISTRICT COMMANDER DANIEL GODSEL (to the podium)

Deputy Chief McNaughton: Dan, give us an overview of crime in the 009th District.

Commander Godsel: We have 22 shootings, with 29 victims 6 murders. We are off to a rough start and very busy. He discussed the conflicts and their efforts to abate them.

Deputy Chief McNaughton: What kind of support are you getting and are you coordinating with 007?

Commander Godsel: We've been getting a lot of help from the support units; when the deployments come in, we do not pull out all together but coordinate with the support units. Our sergeants and lieutenants all get to know each other. There is good information sharing. We had a 30 caliber rifle pop up two Saturdays in a row.

Interim Superintendent Escalante: You brought up a good point. When we have significant conflicts that cross borders and radio zones, it is important that we get real time information. When flash messages go out, we wait for dispatchers to notify another zone and re-issue the message. It would be really good to have extra radios to monitor the other zone so our officers are aware of a flash immediately when it is given.

CompStat #16 –AC-21 Jan**

Deputy Chief McNaughton: Dan, take us through your shootings.
Commander Godsel summarized the shootings, busiest days of the week, times of day, and locations.

Deputy Chief McNaughton: There appears to be very little activity among your Tact Team.

Chief Tracy: From midnight to 0600, we are seeing this across the City. There is very little activity both among watch and tactical personnel.

Deputy Chief McNaughton: Will the Watch Operations Lt for 1st Watch in 009 please come to the podium.

009TH DISTRICT 1ST WATCH OPERATIONS LT. DON JEROME (to the podium)

Deputy Chief McNaughton: We see a lot of violent crime on Beats 0934 and 0935. Much of the violent crime is happening on the 1st watch, with very little corresponding activity from the Beat cars. What kind of instructions are we giving to the officers at Roll Calls?

Lt. Jerome discussed roll call protocols, communications and training. For 3 and a half years I've carried a second radio, to monitor bordering zones. We use 06 cars when they are available. Typically they are assigned to the Black P-Stone or 2-Sixer conflicts.

Deputy Chief McNaughton: Who is the sergeant on Beat 0930?

Commander Godsel: That would be Sgt. McCarthy.

Deputy Chief McNaughton: We want to make sure the officers are aware that they will get good support, if they see something and want to make a stop. We need to start making more stops.

Lt. Jerome: We will take care of that.

Deputy Chief McNaughton: On your robberies, Beat 0914 led the district with robberies with 10, and 4 were on the 1st Watch.

Lt. Jerome: We do have a regular car on 914 and we had a Tact Team assigned to robberies. We watch the Chinatown robberies the best we can, if the LaRazas are quiet.

Deputy Chief McNaughton: There seems to be a white van being used. Is 0914 aware of that?

Lt. Jerome: Yes, they are aware and they make a lot of stops.

Deputy Chief McNaughton: Get your people on board. If they are making the stops they have to be documenting them.

Interim Superintendent Escalante: Make sure everyone on the Watch is doing their job. Everyone needs to pull their weight.

Deputy Chief McNaughton: Great work!

Chief Tracy: You contacted this guy 42 times. Everything we did to try and keep him safe did not work in this situation. Between 1 victim and 2 offenders, they have had 70 gun arrests. We know who they are. We have to keep a good eye on them and keep the community safe.

Closing Remarks:

Interim Superintendent Escalante: For the whole Department, when you are addressing the troops, please help them understand that the DOJ is not here focusing on individual officers but on practices and policies. We have seen a pretty significant spike in violence starting out this year. We are not in a panic mode, but we are not taking the violence lightly. Listening to the plans in place from the District Commanders and Area Deputy Chief, I know we can turn this around, especially robberies, burglaries and thefts.

In reviewing the training on the Investigatory Stop, so far 9,349 people have completed the e-learning. We have a couple more thousand people who still need to complete it.

I've been asked about CompStat and whether we will continue it. Yes. We will drill down even further and District Watch Operations Lieutenants who personally oversee, manage and direct the operations of a watch, will be part of the CompStat meeting from this day forward. Having been a Commander and Deputy Chief participating in the review process we did under former Superintendent Weiss, it had no bite to it. CompStat has really made us a better department and that is why we are going to continue it.

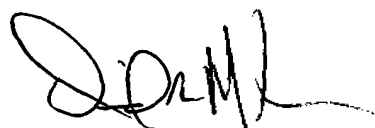

On that note, I want to acknowledge Chief Tracy. Bob will be leaving us to go back to the private sector. I appreciate his knowledge, and support.

Chief Tracy: The first time I was introduced I was sitting in that chair, and today the last time I am getting up from the same chair. I was part of the New York Police Department, and now part of the Chicago Police Department. The CompStat process is not a strategy, it is a *methodology*. If we understand it, implement it, execute it and follow-up, new strategies will develop. We are way ahead of the curve. We are a professional department, a proud department of brave men and women. My family and I are not leaving Chicago. I will be working here locally and nationally. The DOJ, ACLU, these are part of the work. Do not worry. The character and integrity of you and your partners and family and community should not get lost. There is a big silent majority supporting us; don't be overwhelmed by the press. We are up against some dangerous individuals on the street who will hurt our community and hurt our officers if we falter in our job. I am very proud of you and it was my privilege to serve with you. I appreciate you.

Deputy Chief McNaughton: The meeting is concluded. Class of Sergeants, please remain here after the meeting.
