Sgt's if you all can please take a look at these emails I forward you each day referencing traffic stops. We need to beef it up. I know we have some training coming down that we are attending and it takes some of our man power off the streets but you all know how to motivate your troops and I'm asking for your assistance. The Commander and I were at a meeting yesterday morning and we got chewed out as to why our traffic stops are low considering all the violence we have experienced. PLEASE get the job done and emphasize this to your troops. We should be averaging 60 stops each day for Tact from both watches. 3 cars up per team at 5 TSS cards per car. Thanks!!
