

Investigatory Stop Report Procedures cont.

Beyond the initial traffic stop

When a traffic stop turns into an Investigatory Stop / Terry Stop

- An Investigatory Stop Report will be created from a probable cause traffic stop when:
 - The stop turns into a Terry Stop
 - Questioning is unrelated to the original reason for the probable cause traffic stop
- An officer performs a traffic stop on a vehicle after observing the vehicle run a stop sign. During the traffic stop, the officer, in FURTHERANCE, observed various factors that develop Reasonable Articulable Suspicion that the driver is, is about to, or has committed an offense other than the traffic offense. (ie smell of cannababis, flash message, shell casings, etc.)
