Subject: RE: contact info Jack would it be possible to change the price of the Octo 30100 to 14,589 as per the quote. Contracts advises because we are showing 15,589 it is an overage. If possible please amend the pricing on that item on the PO and let me know thank you. -----Original Message-----

Subject: RE: contact info As soon as the department issues a purchase order to Harris just make sure I get a copy, our Contracts team will review same and then once approved, we will get you a loaner SR2 and recall your gear and upgrade. I would make sure you include in your request that this is an upgrade to an existing software and hardware package to prevent them from having to send it out for bid. -----Original Message----- From: Costa, Jack J.

From: [REDACTED] David [REDACTED]@harris.com] Sent: Friday, October 24, 2014 1:27 PM To: Costa, Jack J. Subject: RE: contact info That is great news Jack, thank you. I will provide you with a sole source letter before Monday. I will check the quote to ensure that there is no tax on it. If there is tax listed simply supply me with a "tax exempt" letter. Once your agency provides a PO we can work to get you a loaner SR2, get your gear in house, and complete the upgrades. -----Original Message----- From: Costa, Jack J.
