2/29/2016

Mortality Conference

- Communication
- Follow Up
- Medications from different sources
- Obtain help as needed

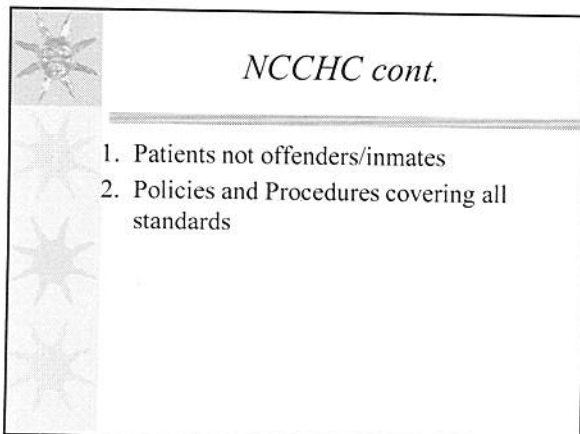

www.criminal.com (2008/11)

NCCHC

- Graham / IRCC / PNK CC – All Accreditation Upon Verification
- 1. Suicide watch – nothing more than 15 min
- 2. Suicide watch – Acute vs. Non-Acute
- 3. Chronic clinic f/u– write the interval; individualize based on control
- 4. G/F/P; Stable/Worsening/Improving
- 5. Segregation medical clearance: No Contraindication

NCCHC cont.

- 1. Patients not offenders/inmates
- 2. Policies and Procedures covering all standards

2/29/2016

Gender Dysphoria Transgenders

- Dr. Dempsey is Chair of Committee
- Meets 3rd Friday of each month 1 – 3
- R & C Documentation for those assessed;
Send to AMD and Dr. Dempsey

Lippert

- Certify as a class ??
- More Discovery

Clinical Reports to AMD

- Hepatitis C Report
- Consult Denials

2/29/2016

Backlog & Vacancy Report

Backlog Definitions

- Vacancies ≥ 60 days
- Sick Call - ≥ 7 days
- CC - ≥ 30 days overdue

This backlog needs some grooming.

BL Report cont.

- Dental – Extractions - ≥ 3 months
Fillings - ≥ 6 months
Dentures - ≥ 6 mo. (start)
- Optometry - ≥ 8 week
- PT- ≥ 4 weeks for post-op cases
 ≥ 8 weeks for routine cases

* Less than above is considered waitlisted

****Complete at end of each months on the**

Sheets

Medical Hold

- Consults
- In the midst of work up (Hep C.)
- In the midst of therapy (chemo, RT, PT..)

R & C

- Appointment set up
- In the midst of therapy

2/29/2016

Formulary Update

Delete

• Auralgan otic	• Pepcid over Zantac
• Donnatal	• Zocor & Pravachol as
• Annusol HC	statins
• Ergotamine	
• Quinine	
• Griseofulvin	
• Thorazine	
• Mellaril	

Cirrhosis-Surveillance

- Annual AFP
- Annual Ultrasound

Chronic Hepatitis B

Who to treat??

<u>HBeAg +</u>	<u>HBeAg-</u>
• DNA > 20,000	• DNA > 2000
• ALT elevated 3-6 months	• ALT elevated 3-6 months

2/29/2016

Chronic HepB cont.

No Need to Treat

1. High levels of DNA but nl. ALT or little activity on liver biopsy
2. Positive DNA but no HGsAg unless undergoing immunosuppression

Hep B cont.

- Coinfections with Hep C or HIV early referral
- Work with Dr. Paul as Hep B is very complex
- There is antiviral resistance and appropriate medication will need to be ordered
- Sometimes a biopsy is indicated

Hepatitis C

- LOS – starts at diagnosis or at arrival to parent facility
- Communicate
- Screening of longstanding IDOC prisoners
- Confirmation testing for those leaving in < 12 months – not needed but counseling/education is essential
- Court case update

2/29/2016

Hunger Strikes

- AD.05.03.165
- Declaration
- 3 consecutive meals
- 72 hour – medical/mental health Physical/assessment
- Daily monitoring –VS. ketones etc
- Weekly – MD , MH
- Co-morbidities
- Infirmary Placement
- Enforced Feedings & Monitoring “Intervention”
- Termination
- Follow Up
- Review Notification Requirements

Legal Issues

- CAO Consent – for life/limb saving
- Surrogate Act – first option
- Forced non-psych meds
- Competency definition

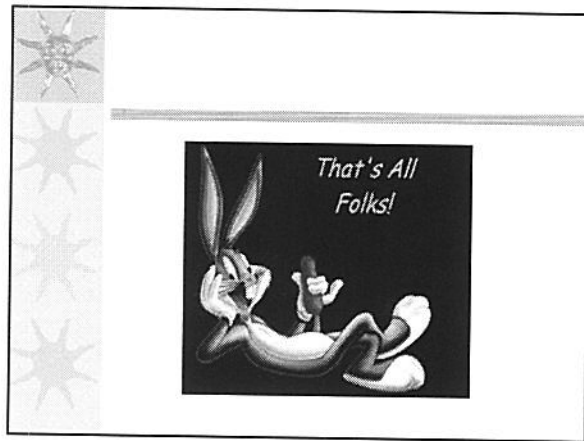

Therapeutic Diets

- Allergies
- Double portions
- Snack bags
- Vegan
- Renal

HepCCATT and IDOC Collaboration Meeting Minutes

February 11, 2012; 11:00- 12:00 PM

Attendees

IDOC – Louis Shicker

University of Illinois at Chicago –Basmattee Boodram, Kristine Kim

This conference call was initiated to continue discussions regarding the linkage to care for inmates identified at IDOC to be chronically infected with HCV who were not able to render treatment while detained. HepCCATT case managers would facilitate the linkage to ECHO trained primary care providers for continued HCV care upon their release back to the Chicago (606 _ _) area.

Notes

1. Dr. Shicker confirmed that it would be best to have IDOC discharge planners coordinate the hand off of inmates to be linked to HepCCATT case management.
2. Discharge planners would be responsible for obtaining consent from inmates for their release of information to the HepCCATT case management team.
3. Discharge planners would collect the inmate' demographic information to facilitate follow-up by the HepCCATT Team. This form (generated by HepCCATT) in addition to the IDOC Discharge Medical Summary would be faxed to the HepCCATT Case Management Project Coordinator.

Follow-up Action Items

1. Dr. Shicker will present this plan at the next staff meeting scheduled for March 2, 2016.
2. Kristine will generate a contact sheet for use by discharge planners as a template prior to the staff meeting.
3. HepCCATT will provide IDOC discharge planners with printed materials to give inmates in preparation for release. This information will include general HCV information and contact information for COIP/ HepCCATT case management point person.
